

512Mb_DDR2 EOL Notification

Samsung has decided to announce the “End-of-life (EOL)” of 512Mb_DDR2 products for consumer applications in order to streamline our product portfolio and to concentrate on more advanced products.

Our EOL execution schedule for 512Mb_DDR2 is as follows:

1. 30. JUNE 2021 :

Samsung requests Non-Cancelable Last-Time Buy Orders (LTBOs)

2. 31. DECEMBER. 2021 :

Samsung will complete final shipments of the end item products.

EOL Devices

Family	End Item	Replacement
512MDDR2	K4T51083QN-BCE7 K4T51163QN-BCE7 K4T51163QN-BIE7	None

Samsung would like to express gratitude to customers that have used the end items over long lifetime.

We understand that the EOL could cause some inconvenience due to redesign requirements and other consequent actions. We hope that this timely notification allows you to complete most, if not all, existing projects using your current designs and that your inconvenience is minimized.

Should you have special requirements, please do not hesitate to contact us.

We sincerely appreciate your understanding, and look forward to working with you on others alternatives of Samsung’s memory products.

Sincerely,

Memory Marketing Group / DRAM Marketing Group (Memory)
Samsung Electronics Co., LTD
