

PM991 EOL Notification

Samsung has decided to announce the "EOL" of PM991 products in order to streamline our product portfolio and to concentrate on more advanced products. PM991a (PCIe Gen 3) will be replacement for Value NVMe(Mainstream). Our EOL execution schedule is as follows:

1. 31st MAR 2021*: *Revised as JEDEC Standards (6 months in between LBO ↔ LTS), formerly 3 months. Samsung requests Non-Cancelable Last-time Buy Orders (LBO).

2. 30th SEP 2021: Samsung will complete Last-Time Shipments of all PM991 products (LTS).

EOL Devices – PM991 Products

(MZ "9/A/V" ** codes differ from different F/Fs)

	MZVLQ128HBHQ-00*	MZVLQ128HCHQ-00*

Samsung would like to thank customers that used the PM991 over its long lifetime. We understand that the EOL could cause some problems due to redesign requirements and other issues. We hope that this timely notification allows you to complete most existing projects using your current designs and that a minimum of inconvenience is caused. Should you have special requirements, feel free to speak with your Samsung representative.

Thanks for your understanding and we look forward to working with you on other alternatives of Samsung's memory products.

Sincerely,
Memory Marketing Group / NAND Marketing
Samsung Electronics Co., LTD
